

Tapes & adhesives

Exterior double-coated foam tape

Cross-linked, closed cell white polyethylene foam coated with high tack, high shear acrylic adhesive system. Good chemical and fuel resistance. Adhesive performance is excellent for mounting applications. Use to attach signage to non-smooth exterior surfaces and to construct signage elements with insert windows.

Exterior foam tape - acrylic-based adhesive

Description	Part Number
1/32" x 1" x 72 yards - White	36245
1/32" x 1/2" x 72 yards - White	36243
1/16" x 2" x 36 yards - White	36320
1/16" x 1" x 36 yards - White	36246
1/16" x 1/2" x 36 yards - White	36244
1/32" x 3" x 36 yards - White	36323
1/32" x 2" x 36 yards - White	36322
1/32" x 1/4" x 36 yards - White	36237
1/32" x 1/2" x 18 yards - White	36223

Exterior double-coated film tape

For applications where extreme temperatures and environmental considerations are essential. Excellent bond to vinyls, dead load acrylic adhesive coated on both sides of polyester files. Use to attach signage on smooth exterior surfaces and to assemble signage elements. This product is ideal for applying metal or plastic sheets to award plaques that will be placed in humid areas or areas that experience temperature changes.

Exterior film tape - acrylic-based adhesive

Description	Part Number
Acrylic film tape 3" x 36 yards	36326
Acrylic film tape 2" x 36 yards	36325
Acrylic film tape 1" x 36 yards	36220
Acrylic film tape 1/2" x 36 yards	36232
Acrylic film tape 6" x 18 yards	36327
Acrylic film tape 12" x 18 yards	36328

Interior double-coated foam tape

Cross-linked, closed cell polyethylene foam coated with high tack, high shear synthetic adhesive system. Good chemical and fuel resistance. Adhesive performance is excellent for mounting applications. Use to attach signage rough interior surfaces and as spacer to assemble signage with insert windows.

Interior foam tape - rubber-based adhesive

Description	Part Number
1/32" x 1" x 72 yards - White	36240
1/32" x 1/2" x 72 yards - White	36241
1/32" x 1" x 72 yards - Black	35783
1/32" x 1/2" x 72 yards - Black	35784
1/16" x 1" x 36 yards - White	36242
1/32" x 1" x 18 yards - White	36216
1/32" x 1/2" x 18 yards - White	36217
1/32" x 1" x 18 yards - Black	35780
1/16" x 1" x 18 yards - White	36218

Interior double-coated film tape

Film coated on both sides with an aggressive rubber-based pressure-sensitive adhesive system. Use to attach signage on smooth interior surfaces and to assemble signage elements. This product is ideal for applying metal or plastic sheets to award plaques.

Interior film tape - rubber-based adhesive

Description	Part Number
1/2" x 36 yards	36213
1" x 36 yards	36214
2" x 36 yards	36330
3" x 36 yards	36331
6" x 18 yards	36332

Interior paper tape

A 3.5 mm impregnated crepe paper coated on both sides with high quality synthetic adhesive system. For use in applications where tensile strength and additional thickness are needed for bonding and laminating or holding. Excellent for plate mounting. Economical adhesive tape for mounting metals and plastic plates to plaques and awards. Commonly used to stick sheets to the laser or engraving bed to reduce or prevent material bowing or slippage during the engraving process.

Interior paper tape - rubber-based adhesive

Description	Part Number
1/2" x 36 yards	36210
3/4" x 36 yards	36211
1" x 36 yards	36212

Adhesive sheets

Lightweight paper stock coated on each side with aggressive rubber-based adhesive. Each adhesive layer is protected by a release-coated liner. Recommended for mounting on flat surfaces. Ideal for applying adhesive backing to engraving sheet stock.

Description	Part Number
12" x 12-1/2" sheets (package of 10)	36219
